---

**#AACRAO**

American Association of Collegiate Registrars and Admissions Officers

# Presented by

**Rhonda Kitch, Ph.D.**

Cornell University, University Registrar

AACRAO Board of Directors, Past President

# Bylaw Changes

---

# AACRAO recently approved these three bylaw changes:

1. Virtual Voting
2. Board Designates Membership Structure – Eliminating Roster Limits
3. Improve Association Budgeting

All three bylaw changes were approved by the membership at the 2023 Annual Business Meeting on March 28, 2023

# Virtual Voting

Starting at Annual Meeting 2024, all voting members, regardless of their registration status at the Annual Meeting, will be able to virtually attend the business meeting and vote on any items on the agenda.

# Board Designates Membership Structure

Over the course of the next year, the Board will move to adopt a new membership structure that will transform our ability to serve the profession.

The current structure designates dues level and number of seats allotted based on an institutional FTE calculation from IPEDS data.

The new structure being considered will use institutional budget expenditures as reported on IPEDS to designate dues level with an unlimited roster.

# Improve Association Budgeting

The following processes have been added to the AACRAO Operational Policy and Procedure Guidelines in order to enhance member transparency into budget processes:

**June:** The AACRAO Annual Budget will be prepared by the staff for initial review by the Finance, Investments and Audit Committee and the Board.

**August:** The FI&A Committee will host a virtual town hall to allow for member comment on the budget. The Board will approve the budget for October 1 implementation.

## State and Regional Organizations

AACRAO and the state and regional associations (ACRAOs) share the same basic goals of enhancing not only the profession but also the professional development of the individual members. One of the fundamental strengths of our profession is the vitality of strong, active state and regional associations. These associations provide members with many professional development activities and opportunities and generally are instrumental in forging the informal networks that exist throughout the country.

AACRAO's Vice President of Leadership and Management Development and AACRAO's State and Regional Relations Committee formulate and share responsibility for AACRAO's relationship with state and regional associations.
